ECO FLEECE

Our environmentally friendly fleece uses raw materials made from 100% recycled plastic bottles to create a high quality polyester fiber that delivers a soft and luxurious feel.

Eco fleece is a color-fast product that is extremely earth friendly.

BAMBOO

Why bamboo?

Our bamboo fabric is made from the pulp giving it the added advantage of strength and versatility, as well as softness.

Why is bamboo better for the environment?

Bamboo is 100% naturally grown without the use of pesticides. It is the world's fastest growing plant and a great renewable resource.

Services

Embroidery or screen-print services for blank products are available.

Note: Embroidering or screen-printing does not include the cost of the item.

Embroidery

Stitch by stitch, adding embroidery is the perfect way to promote your identity or event.

Note: Due to the challenges embroidering presents, we do not recommend this service on ties or scarves.

Quantity	12-23	24-71	72-143	144-432	433-1199	1200-5000
